Procedure: Mix powders until uniformly blended.

Uses:

For Facial Wash: Transfer about 1/8 teaspoon (0.63 ml) of the powder onto the hand. Add a small amount of water while rubbing the hands together to produce foam. Then, wash the face and rinse off with water.

For Cleansing Mask: Transfer a small amount of the powder to a separate container. While slowly adding water dropwise, stir to form a paste of the desired consistency. Apply the mask to the face and allow it to dry. Rinse off with water using gentle rubbing for the best exfoliant effect.
