

Jojoba Oil & Shea Butter Moisturizing Cream No. 666

	Wt.%
A VEEGUM® R Magnesium Aluminum Silicate	2.00
Water	80.50
Glycerin, USP grade	2.00
Glyceryl Stearate (Protachem™ GMS-450 ¹)	2.00
Cetearyl Alcohol (Protachem™ CS-50 ¹)	2.00
Sodium Stearoyl Lactylate (Pationic® SSL ²)	1.00
Butyrospermum Parkii (Shea) Butter (Tomaso™ Shea Butter ³)	2.00
B Simmondsia Chinensis (Jojoba) Seed Oil (Jojoba Oil Golden™ ⁴)	4.00
Olive Squalane (Oleaclear™ Olive Squalane ³)	2.00
Caprylic/Capric Triglyceride (Neobee® M-5 Cosmetic ⁵)	2.00
Tocopherol (Covi-ox® T-50 C ⁶)	0.50
C Preservative	q.s.

Procedure: Slowly add the **VEEGUM® R** to the water while mixing at maximum available shear. Mix as the water temperature is raised to 80°C, until fully hydrated. Add the glycerin and maintain the Part A temperature at 80°C. Combine Part B ingredients and heat to 80°C with stirring. Add Part B to Part A with adequate mixing. Cool to 35°C while mixing and add Part C. Continue to cool with mixing and pour off at 30°C.

RAW MATERIAL SUPPLIERS
¹Protameen Chemicals, Inc., Totowa, NJ

²Rita Corporation, Crystal Lake, IL

³Tri-K Industries, Inc., Denville, NJ

⁴Essential Ingredients, Lawrenceville, GA
